All vaccines are required, unless marked with an \*, those shots are recommended but not required.

\*\*Required for Daycare.

## RECOMMENDATIONS:

1. If the child has an elevated temperature (above 100.4 degrees), an immunization should be postponed.
2. Unusual reactions to an immunization such as prolonged fever (above 105 degrees) or convulsions should be reported to your family physician or the Grant County Health Department.
3. It is recommended that children ages 6 months up to 5 years receive the influenza vaccine each year for influenza season. Best time to vaccinate is October through December.
