2. Experience with electronic medical records (EMRs) preferred

Note:

1. Must be licensed as a professional registered nurse in Wisconsin
2. Must be able to pass a pre-employment health screening
3. Must be able to pass a Care Giver Background Check
4. Must not be listed as excluded on the federal government excluded parties listing
5. Must have a car for use during working hours and have a current Wisconsin driver's license

Knowledge, Skills and Abilities:

This position is expected to develop, maintain and utilize relevant competencies in the following areas: Analytic Assessment Skills; Policy Development/Program Planning Skills; Communication Skills; Cultural Competency Skills; Community Dimensions of Practice Skills; Basic Public Health Sciences Skills; Financial Planning and Management Skills; Systems Thinking Skills. Additionally, the position is required to have the following:

1. Must be able to assess and respond to the needs of patients and families in the home setting
2. Skilled in nursing practice, able to cope with family emotional stress and tolerant of individual lifestyles.

ESSENTIAL FUNCTIONS

1. Assist in assessment of needs including physical, emotional and mental status; gather data on the social, economic, and cultural factors which may influence health status
2. Provide direct care to patients in order to maintain high level of comfort and quality of life in conjunction with physicians orders and according to plan of care developed with core team
3. Follow through and modify the initial plan of care for each patient as the needs of the patient and family change
4. Coordinate care with other agency disciplines participating in patient/family care
5. Coordinate community resources available for patients as needed

6. Regularly attend and participate in Patient Care conferences
7. Assist and support family through physical and/or emotional crisis situations
8. Serve on a rotating basis with beeper and be available 24 hours, 7 days a week to patients, family, and the medical community
9. Teach and counsel family members, as well as patient, regarding:
 - a. Nursing care skills
 - b. Needs in the home
 - c. Health and emotional needs
10. Communicate with physicians concerning patient care
11. Maintain up-to-date patient records so that problems, actions, and goals are accurate and clearly stated
12. Conduct one-to-one bereavement follow-up with family as appropriate
13. Participate in agency and community health programs as requested to promote progress, growth, and understanding of hospice care
14. Exemplify familiarity with policies of the agency, and rules and regulations of State and Federal bodies which aid in determining policies
15. Carry out duties in compliance with all Federal, State, and local regulations as applicable including but are not limited to applicable sections of Wisconsin Statutes Chapters 441, 250-255 Administrative Rules DHS 131, DHS133, DHS140, DHS145, DHS160 and Grant County Ordinance 26 and 49
16. Cover on call responsibilities as assigned
17. Other duties as assigned

SUPERVISION RECEIVED

Home nurses are under the supervision of the Assistant Director and abide by all established policies including but not limited to those stated in the Hospice Nursing manual

SUPERVISION EXERCISED

Supervises Certified Nursing Assistants (CNAs)

ENVIRONMENTAL FACTORS

This position works in office, clinic, and client home settings; services may also be provided in the jail; exposures to sharps, biological hazards and communicable diseases are frequent and require the use of personal protective equipment

CLOSING STATEMENT

This description has been prepared to assist in evaluating duties, responsibilities and skills of this position. It is not intended as a complete list of specific responsibilities and duties, nor is it intended to limit duties to those listed. It is understood that the supervisor has the right to assign, direct, and modify duties and responsibilities.
