GRANT COUNTY JOB DESCRIPTION

TITLE: Health Nurse, BSN (Public)

DEPARTMENT/ AGENCY: Health Department

IMMEDIATE SUPERVISOR: Director / Health Officer and/or Assistant Director

PAY GRADE: L

FLSA: Exempt - Professional

NATURE OF WORK

This position works in a field of specialization within both professional nursing and public health practice. The position utilizes the philosophy, content, and methods of public health and the knowledge and skills of professional nursing. This position is responsible for the provision of nursing service on a family centered basis for individuals and groups at home, at work, at school, and in public health clinics. The position interweaves services with those of other public and allied workers, and participates in the planning and implementation of community health programs. The position provides public health nursing services according to agency programs and policies. It requires considerable professional responsibility and initiative, and some knowledge of supervision in providing instruction to others.

MINIMUM QUALIFICATIONS

Education:

- Bachelor's degree in nursing (BSN) or higher

Experience:

1. One year recent nursing experience
2. One year public health nursing experience under qualified supervision desirable
3. One year experience with electronic medical records (EMRs) preferred

Note:

1. Must be licensed as a professional registered nurse in Wisconsin
2. Must be able to meet the requirements as specified in Wisconsin Administrative Rule DHS 139.08
3. Must have a car for use during working hours
4. Must have a current Wisconsin driver's license
5. Must be able to pass a pre-employment health screening
6. Must be able to pass a Care Giver Background Check
7. Must not be listed as excluded on the federal government excluded parties listing

Knowledge, Skills and Abilities:

This position is expected to develop, maintain and utilize relevant competencies in the following areas: Analytic Assessment Skills; Policy Development/Program Planning Skills; Communication Skills; Cultural Competency Skills; Community Dimensions of Practice Skills; Basic Public Health Sciences Skills; Financial Planning and Management Skills; Systems Thinking Skills. Additionally, the position is required to have the following:

1. Must have solid nursing assessment skills
2. Must have the ability to perform complex nursing tasks
3. Must have good written and verbal communication skills
4. Must have good teaching skills
