New Business: The speed zone on Pikes Peak Road in the Town of Potosi was discussed. This is a steep, curvy town road with a farm located at the top of the hill. The Landowner requested the speed be decreased. This is a township issue. Dave Lambert will notify the Township Chairman.

The intersection at Hwy 80 and North Hollow Road, also known as Guler's Corner was discussed. There have many close calls when people have been passing on the paved shoulder at this intersection. This area is being reviewed for safety but will not be fixed for a couple of years. Joe Schneider will look at a short term fix until this project can be done.

Old Business: The Highway Department will partially fill the rumble strips on Hwy 18 and C. This will hopefully cause a reduction in the noise.

Joe Schneider has been communicating with Howard from the City of Platteville about signing to help with a speed limit issue.

Citizen Complaints: There are no citizen complaints to discuss at this time.

The county statistics were passed out and discussed.

That state statistics were passed out and discussed.

ATV/UTV Requests: Judy Hazen updated the committee on what the Alliance has been up to. They are currently working on a map with all of the ATV/UTV routes. A version of this will also be in the Platte book. Bob Keeney suggested that she get an electronic copy from the printer. This will make updating the routes easier.

It was suggested by Captain Sheckles that the Highway Safety Committee not be involved with the approval of ATV/UTV route requests. The Highway Safety Committee will advise when there are safety issues that need to be discussed. It was motioned by Tony and seconded Brian to take no action on the ATV/UTV requests and leave the decision up to the County Board on routes and the process for approval. Motion carried.

Other Business: No Other Business to discuss at this time.

The next meeting date will be on Wednesday, August 16, 2017 at 1:00 p.m.
